Allied Health Chiropractic Centers Joins Wisconsin Safety Council

December 8, 2008 - Wausau, WI - Allied Health Chiropractic Centers is pleased to announce its membership in the Wisconsin Safety Council (WSC). Aligned with Allied Health's core value of wellness, the WSC promotes safety and well-being in the workplace, schools and on the highway. Since its inception in 1923, the WSC has been Wisconsin's strongest advocate for preventing and mitigating human and economic losses arising from preventable causes. A certified chapter of its nationwide counterpart, the WSC will afford Allied Health Doctors increased and continued access to its supporting resources and materials.

Allied Health Chiropractic Centers offer a wide variety of health services focusing on providing the highest standard of chiropractic and wellness care in the profession. With specialized chiropractic adjustments, wellness and nutritional assessments, physical therapy modalities, exercise coaching and rehabilitation programs, Allied Health enables patients to reach their full health potential. Striving for continuous service excellence through education and proven techniques, Allied Health delivers a lifetime of value through a personalized patient care experience.

As the largest doctor-owned Chiropractic group in the U.S., Allied Health employs over 70 doctors who practice in four states throughout the Midwest. With fourteen years in single specialty group practice, Allied Health provides professionally managed clinic and business systems and is focused around what the Medical Group Management Association (MGMA) considers "the best clinical and business practice" models in health care. The clinical and business service solutions, processes, resources and infrastructure of Allied Health have all been developed on scalable platforms designed to accommodate future growth of the group practice model in the area of contracted services for outside providers.
